

LEADERSHIP PROGRAMME PRIVATE HALF-DAY STRATEGY WORKSHOPS

CLARITY. DIRECTION. ACTION.

These customised, privately delivered workshops give you and your team:

- A clear sense of business purpose and direction
- Immediate action steps to start making progress
- Insight into the skills and qualities needed to lead forward

Turn your ideas into a plan that your team and stakeholders can align to. With the right clarity, intentions become realities.

THE WORKSHOP

In just four hours, you will:

- Get your vision out of your head and into a clear, actionable format
- Align stakeholders and team members on purpose and priorities
- Identify personal leadership growth areas that will support your role
- Reconnect with the direction your business is taking and the value it adds to others
- Align your plan to wider considerations
- Establish clear team and personal actions to implement progress

WHY IT MATTERS

Planning often feels like a luxury or a task for external stakeholders. But with skilled facilitation, strategy sessions become:

- Practical and energising
- Purpose-driven and imaginative
- Focused on alignment and progress

You'll leave with a simple, usable plan for yourself and your business.

WHO SHOULD ATTEND
